Exposure visit to "Faridabad Electro Plating Cluster"

To: veimoldplastics@gmail.com

Cc: Sanjeev Chaudhary, piu.ibdp2017@gmail.com, bviswah@yahoo.co.in

Dear Sir,

Greetings of the day!!

Refer to our discussions today, I would like to inform you that Grant Thornton has given mandate from Small Industrial Development Bank of India (SIDBI) as PMU (Project Monitoring Unit) for Industry & Commerce department, Punjab under the MoU signed between Department of Industries & commerce, & SIDBI for the Development of MSMEs Ecosystem. The aim of the PMU includes Benchmark the best Practices across different sectors and to do capacity building of MSMEs. As a part of activity for Knowledge dissemination for MSMEs we would like to organise an exposure visit of officials from Department of Industries and commerce and few MSMEs to understand the working and modalities of running a Common facility Centre (CFC). Before planning a visit we would like to know the current status of machines, whether they are operational or not? So that we can schedule accordingly. The purpose of the exposure visit is to understand the working mechanism of CFCs and technology installed for electroplating.

Also pls advise suitable dates tentatively to plan the visit within February.

Thanks & regards,  
**Abhinav Parmar**  
SIDBI PMU, Department of Industry & Commerce, Punjab

Scope of Tie up between IIT and SIDBI

To: n.nirmalkar@iitrpr.ac.in

Cc: Sanjeev Chaudhary

Public Sector Pitch Pack\_August 2022.pdf

2 MB

Dear Dr. Nirmalkar,

Congratulations for the development of Nano Bubble technology for textile industry.

We would like to share with you that Grant Thornton Bharat LLP (Deck Attached) have been given a mandate from the Small Industrial Development Bank of India (SIDBI) to work as PMU (Project Monitoring Unit) for the Department of Industries and Commerce for the Development of MSME Ecosystem in Punjab. Grant Thornton is implementing this project in 20 states across India. The aim of the PMU is to strengthen the MSME ecosystem and facilitate the financial and non-financial linkages. Two full-time team members of Grant Thornton have been placed at Udyog Bhawan Chandigarh for delivery of the project. The aim of the project is to build the capacities of the MSMEs, support the State Government in the design and development of institutional & Policy Measures, Evaluating of Potential Infrastructure Projects for MSMEs, Promotion of Green Energy, Technology, Inputs for Policy Advocacy & Implementing SIDBI Cluster development Fund (SCDF) Scheme in the state.

We are writing this mail to you, as a PMU we are also promoting Green energy by means of Renewable Energy, Waste Management, and the set-up of Common Effluent Treatment plants to make a sustainable MSME ecosystem. Since this nano technology could be a game changer for textile and dyeing industry across India. There could be a lot of scope for wider usage of this technology across other industries also. We can plan a MOU between SIDBI-IIT and Department of Industries and commerce for widespread of this technology across Punjab. It will be a Non commercial MOU for promotion and development of such innovations. Moreover there are few more areas in food processing sector which could be explored further for increasing shelf lives of the products.

Moreover as per new Industrial Policy of Govt of Punjab, the government focus will be on promoting Innovations and set up of Incubators at technical institutions to support MSMEs, which could be a part of our MOU with the department of industries and Commerce.

All above could be discussed in detail over a meeting. Please confirm your interest for the same, so that we can plan accordingly.

SIDBI Cluster Development Fund (SCDF) for the state of Punjab

To: dgmcomm.pswc@punjab.gov.in

Cc: Sanjeev Chaudhary

SCDF Handbook\_External Version II.pdf

2 MB

Dear Sir,

Good Evening,

Refer to our discussions today, I would like to inform you that Grant Thornton has given mandate from Small Industrial Development Bank of India (SIDBI) as PMU (Project Monitoring Unit) for Industry & Commerce department, Punjab under the MoU signed Between Department of Industries & commerce, & SIDBI for the Development of MSMEs Ecosystem. We would like to request you to please see if there is any scope of availing SIDBI Cluster Development Fund (SCDF) from SIDBI for the development of industrial infrastructure in Punjab. Most of the industrial states like Odisha, Tamil Nadu, and Haryana have already utilized this fund.

I am attaching a handbook on SCDF with this mail for your reference.

Sanctions under the SCDF would cover a broad spectrum of activities related to

(a) infrastructure projects in MSME Clusters (both greenfield (induced clusters) and brownfield (existing cluster)) including machinery / equipment financing, social sector projects, connectivity projects.

(b) Civil works for rehabilitation of existing industrial estates and setting up of new industrial estates.

To start with, a wide range of 28 activities (listed below), covering almost all aspects of MSME cluster infrastructure have been identified. The said list is only indicative, and any other eligible activity could be included.

The eligible activities are classified under three broad categories i.e., (i) Industrial and Agri-allied sectors in the MSME eco-space, (ii) Social Sector projects in and around MSME clusters and (iii) Connectivity to MSME Clusters.

Following institutions are eligible to be supported under SCDF:

State Governments / Union Territories

State Owned Corporations / State Govt. Undertakings

State Govt. Sponsored / Supported Organizations
