Dear Sir

Refer to our meeting with PUM expert Mr. KR Jain for providing technical expert advisory support to MSMEs in Punjab. PUM details and the form required to be filled by MSMEs for taking support from PUM is attached. These forms could be shared with DICs and DICs can further share them with MSMEs.

**PUM Netherlands Senior Experts (PUM)** financially assisted by Netherlands Government provide free assistance to Industries and Organizations for upgrading their technical/managerial know how and training of personnel. PUM was founded in 1978 and is currently operative in 30 countries.

PUM has in the past 40 years assisted more than 40000 units and organized several successful seminars/workshops.

PUM has excellent expertise available in the field of: Agriculture, Horticulture, Incubators, Food and beverage Production, Metal Industry, Engineering and Electro Technical Industry, Chemicals, Pharmaceuticals, & Synthetics, Textile & Leather, Automobiles, Engineering, Dairy & Stockbreeding, Energy, Water, Waste Water and Environment.

PUM Experts have wide experience in their respective fields after having worked in best companies in European countries. They can offer their valuable advice for up-gradation of technology introduction to new techniques including Marketing and Management.

Besides this the vital areas of Energy management and Conservation, Pollution Control Techniques are also being focused by PUM. The senior experts also provide training to the Staff and worker in the desired areas.

 You replied to this message on 14-03-2023 10:54 AM.

Dear Abhinav,

Thank you so much for providing an opportunity to arrange Knowledge dissemination program for MSMEs at our site. As we discussed, there are few preschedule audits going to take place first week of April-23 at our side. Requesting you to please plan this program during the mid of April-23 so that full attention to be paid for this camp.

Hope you will consider the above said situation and plan the visit accordingly.

Regards,

Om Parkash
