EFFLUENT TREATMENT_Questionnaire.doc
288 KB

Dear Ma'am

Refer to discussions of last week, regarding the setup of a Wastewater treatment plant for Electroplating and other industries at Ludhiana/Mohali/Jalandhar etc, we had a discussion with Mr. Shaukat Ali (Technical Director SSP India) for the same and a physical meeting has been proposed with MSMEs from Ludhiana/ Mohali/ Jalandhar to discuss it further. Before going for a physical meeting SSP India have requested to arrange data as per the attached format so that they can work out the capacity requirements of the treatment plant. You are requested to kindly share it with the concerned GM DICs and arrange the same.

Regards
Sanjeev Chaudhary
