Small Industries Development Bank of India (SIDBI), established under an Act of Parliament in 1990, acts as the Principal Financial Institution for Promotion, Financing and Development of the Micro, Small and Medium Enterprise (MSME) sector as well as for co-ordination of functions of institutions engaged in similar activities. In the context of the changing MSME lending landscape, the role of SIDBI has been realigned through adoption of SIDBI Vision 2.0 which envisages an integrated credit and development support role of the Bank by being a thought leader, adopting a credit-plus approach, creating a multiplier effect and serving as an aggregator in MSME space.
